

Journées de Rencontres Jeunes Chercheurs 2018

October 14th - 20th 2018 (week 42) at Lège Cap-Ferret 33950 - France

SECOND NOTICE

To be transmitted to the financial service of
your Institute upon registration

The "Field and Particles" & "Nuclear" divisions of the French Physics Society (SFP) jointly organize the Journées de Rencontres Jeunes Chercheurs (JRJC) conference, to be held at the "village vacances VVF" at Lège-Cap-Ferret, in the Gironde department, from **October 14th to October 20th, 2018**.

The 2018 edition is supported by the CEA, the CNRS-IN2P3, the FRIF (Fédération de Recherche Interactions Fondamentales), the IMNC (Imagerie et Modélisation en Neurobiologie et Cancérologie) and the LAL (Laboratoire de l'accélérateur linéaire) research institutes.

This conference aims at gathering young researchers who are in their second or third year of PhD, although first year PhD students as well as young post-doc researchers are also welcome to participate. The JRJC are a very good opportunity for the participants to share their research work and get an overview of the latest research developments achieved in his/her field, within a nice and laid-back environment.

Research topics covered by the JRJC 2018 conference are the following: astroparticle physics, nuclear astrophysics, beyond standard model, cosmology, nuclear energy, instrumentation, medical physics, electroweak standard model, neutrinos, hadronic physics, flavor physics, nuclear structure. **Both experimental and theoretical young researchers are welcome to the JRJC 2018.**

Presentations can be given either in English or French. **The conference social program foresees a half-day trip in the nearby area (bassin d'Arcançon), as well as a public seminar on an environmental topic.**

In case you are a PhD student and you wish your participation to the JRJC to be formally recognized as a part of your training modules, do not hesitate to contact your PhD school, and keep us informed in case of difficulties.
